Hermann Zapf - Linotype Font Designer Gallery
World-renowned German font designer Hermann Zapf died on June 4, 2015 at the age of 96. The creator of many internationally recognized and popular fonts, such as Palatino, Optima and Zapfino, had a close personal and business relationship with D. Stempel AG (later Linotype AG, now Monotype GmbH) that spanned decades.

Hermann Zapf´s Obituary - Linotype Font Designer Gallery
The development of Zapfino had become seriously delayed until Zapf presented the project to Linotype. The company was prepared to complete it and reorganized the project. Zapf worked with Linotype to create four alphabets and various ornaments, flourishes, and other dingbats. Zapfino was released in 1998.

And now a few notes about my experience in the movie business. The film "The Art of Hermann Zapf" was produced in 1967 at Hallmark Cards Inc. in Kansas City, Missouri and in my design studio in Dreieichenhain, Germany. There was also a German version made by Linotype with the title "Die Welt der Buchstaben". This has for several years been the name of my permanent exhibition at the Herzog August Bibliothek in Wolfenbüttel, a beautiful old library, famous for their manuscripts and books.

Optima was designed by Hermann Zapf and is his most successful typeface. In 1950, Zapf made his first scetches while visiting the Santa Croce church in Florence. He sketched letters from grave plates that had been cut about 1530, and as he had no other paper with him at the time, the sketches were done on two 1000 lire bank notes.

Optima nova is a redesign of the original font family, designed by Hermann Zapf and Linotype GmbH type director Akira Kobayashi. The new family contains seven font weights, adding light, demi, and heavy font weights, but removing extra black weight. Medium weight is readjusted to between medium and bold weights in the old family scale.

Optima - Wikipedia
Palatino is the name of an old-style serif typeface designed by Hermann Zapf, initially released in 1949 by the Stempel foundry and later by other companies, most notably the Mergenthaler Linotype Company. Named after the 16th-century Italian master of calligraphy Giambattista Palatino, Palatino is based on the humanist types of the Italian Renaissance, which mirror the letters formed by a broad nib pen reflecting Zapf's expertise as a calligrapher. Its capital 'Y' is in the unusual 'palm Y' sty

Palatino - Wikipedia
