After graduating Freddy has worked for conservation studios and cabinet shops restoring furniture, making built-ins, kitchens, architectural elements, and reproducing museum quality furniture.

### **Freddy Roman | Period Furniture Maker & Restoration ...**

Roman's didn't do their woodworking in a garage designed for cars (and sized as such), so their woodworking space was based on woodworking needs, not limited by how many cars it would hold. 3. Roman's probably did all or most of their woodworking on the bench, where we use table saw, planer, jointer, sanders, shapers/routers, etc.

### **Roman Workbenches High And Low | Popular Woodworking Magazine**

Roman woodworkers used a variety of woods for their wooden creations. Wood species included ilex, beech, maple, elm, olive, and ash. The most prized wood in the Roman Empire was the African wood Tthyine, which was believed to have mystical powers. It was used by both the Romans and Greeks to make furniture.

### **A History of Woodworking & It's Influence in Civilization**

Woodworking was essential to the Romans. It provided, sometimes the only, material for buildings, transportation, tools, and household items. Wood also provided pipes, dye, waterproofing materials, and energy for heat.: 1 Although most examples of Roman woodworking have been lost,: 2 the literary record preserved much of the contemporary knowledge.
